PROTECTION · PROGRAM TERMS · DOC 08

Creator Program Terms.

Clear rules and fair tracking. Read this before you post your first campaign, not after your first question.

UNIUI DOC 08 FIELD GUIDE

THE PRINCIPLE

Clear rules. Fair tracking.

A plain-language program summary for creators: how referrals are attributed, how commissions are calculated, when payouts happen, and what activity is not eligible.

PROGRAM LINK

waitlist.uniui.com.ng/creators

Read these rules before joining or posting your first campaign.

Plain-language program summary based on the confirmed Creator Program rules. Uni UI should confirm final operating details and any legally required terms before enrollment or payout.

01

Attribution and tracking

Every approved creator receives a unique referral link. Commission is calculated from that link, so the tracking rules below decide who gets paid.

TRACKING

Your unique link

Each approved creator receives a unique referral link for tracking eligible referrals.

CREDIT

Last click wins

If a user clicks more than one creator link, the last click is credited.

WINDOW

30-day window

A referral is attributed within 30 days of first click. Ask the team how the window interacts with later clicks before launch.

EXCLUSION

No self-referrals

You cannot earn commission by referring yourself. Self-referral is detected automatically and results in immediate suspension.

02

Earnings

Commission is a percentage of what a subscriber pays, scaled to the number of paying subscribers you have brought. It is not a flat fee per signup.

Per paying subscriber on the ₦2,500.00 Scholar subscription. The last column applies to founding creators — the first 20 approved, who carry a permanent +2.5% on every rate.

TIER	SUBSCRIBERS	FIRST PAYMENT	MONTHLY ×6	TOTAL	FOUNDING TOTAL
Starter	0–9	₦250.00	₦125.00	₦1,000.00	₦1,437.50
Growing	10–49	₦312.50	₦187.50	₦1,437.50	₦1,875.00
Established	50–199	₦375.00	₦250.00	₦1,875.00	₦2,312.50
Top	200+	₦500.00	₦250.00	₦2,000.00	₦2,437.50

TIER PROGRESSION

Tier progression

Your tier is based on your total number of paying subscribers and applies to all of them — not just the newest. Crossing 10 lifts the rate on your entire book of business, which is deliberate: it rewards the creators who keep bringing students rather than the ones who spike once.

ONE-TIME PRODUCTS

One-time products

₦10,000.00 Deep Study is a one-time purchase and earns no recurring commission. Its commission is capped at ₦500.00 per purchase, so a single sale can never exceed that amount regardless of your tier.

RECRUITING OTHER CREATORS

A one-time bonus, not a downline.

If you refer another creator and they are both approved and activated, you receive a one-time bonus of ₦2,500.00. This is a flat one-time payment. There is no downline, no override, and no ongoing commission from creators you recruit. The moment it compounds, it would be a multi-level scheme, which this program is not.

03

Payout mechanics

PAYMENT

Weekly via Paystack

Approved commissions are scheduled for weekly payment through Paystack, subject to payout eligibility and processing.

THRESHOLD

₦10,000.00 minimum

Balances below ₦10,000.00 carry forward to the next batch. They are not forfeited.

HOLD

7-day hold

Commission is held for seven days after the subscriber's payment to allow for refunds. Refunded payments do not qualify.

APPROVAL

Batch approval

A SuperAdmin approves each payout batch before the transfer executes.

VERIFICATION

Bank account verified

Bank details are collected at payout onboarding, not at application, and verified through Paystack account resolution.

LEDGER

Every entry marked paid

Each ledger entry is marked paid after the transfer completes, so your dashboard and the team agree.

04

Fraud rules

The governing principle: a single bad referral is one bad user, not one bad creator. Blocking on the first failure turns the fraud system into a weapon.

TRIGGER
Void that referral. No block, no warning count.
1 referral fails

TRIGGER
Hold the commission for that referral. No block.
1 referral fails a third check

TRIGGER
Flag the creator for manual review.
5+ failures in 30 days

TRIGGER
Suspend pending review.
30%+ failure rate over 20+ referrals

TRIGGER
Immediate suspension.
Self-referral detected

TRIGGER
Investigate — for example, 100 clicks and 0 signups.
Click farming

05

What does not count

The following activity is not eligible for commission, regardless of how it was generated.

INELIGIBLE
Accounts created to inflate signup or referral numbers.
Fake accounts

INELIGIBLE
Repeated registrations by the same person or duplicate records.
Duplicate registrations

INELIGIBLE
A creator referring their own account or payment.
Self-referrals

INELIGIBLE
A payment that is refunded is excluded from eligible commission.
Refunded payments

INELIGIBLE
Manipulation, deception or other fraudulent referral activity.
Fraudulent activity

INELIGIBLE
Subscriptions cancelled within 7 days do not qualify.
Cancelled subscriptions

06

Status tiers

Status tiers measure activity and standing. They are separate from commission tiers, which measure subscribers brought — a creator can be Top status on Starter commission.

TIER

Newly approved. Group access and resources. This is where every creator starts.

Creator

TIER

Posted 2× per week for 4 consecutive weeks. Early access and priority on campaigns.

Active

TIER

10+ subscribers plus consistent posting. Exclusive campaigns and recognition.

Top

TIER

50+ subscribers plus long-term standing. Direct team access and custom arrangements.

Elite

07

Conduct and leaving

CONDUCT

Follow the Approved Claims & Messaging Guide. Do not make promises about grades, perfect accuracy or assignment completion.

No false claims

CONDUCT

Do not spam audiences or manipulate likes, views, comments or referrals.

No spam or fake engagement

DISCLOSURE

Make your UNIUI creator relationship clear on every post using “I’m a UNIUI creator” or #UniUICreator.

Disclose your relationship

REMOVAL

UNIUI may remove participants for fraud or misconduct. A review and appeal process applies where one is published.

Removal for misconduct

EXIT

You may leave the program at any time. Pending commissions are paid if you leave in good standing, subject to verification and the payout threshold.

Leave any time

QUESTIONS OR A TRACKING ISSUE?

Raise it in the UNIUI creator WhatsApp group.

Keep your referral links, post URLs and relevant dates so the team can investigate quickly.

08

Acknowledgment

I have read this plain-language summary and understand that final program rules, eligibility and payout decisions are subject to the confirmed UNIUI Creator Program terms.

Name

Date

Signature (if required)
